TECHNOLOGY SOLUTIONS

# CAPABILITIES STATEMENT

*Gliding Through The Digital Unknown*

## ABOUT US :

### OUR STORY

Tishawn McKnight, Manta Ray Owner, launched his IT career in the US Army, excelling at the Pentagon's Joint Service Provider. Teaming up with Matthew Ross at Walter Reed National Military Medical Center, they mastered IT program management, Cyber Security, Networking, System, and Customer Support.

### OUR VISION

Manta Ray brings a decade of expertise in delivering cutting-edge information solutions, empowering clients with accurate data for better decisions and project success. At our core, dedicated and skilled staff strive to surpass customer expectations, ensuring unmatched value delivery.

### OUR MISSION

At Manta Ray Technology Solutions (MRTS), our mission is to deliver excellence in navigating the multifaceted challenges of the digital landscape. We are not just service providers; we're strategic partners committed to assisting businesses in achieving their goals securely and efficiently.

## OUR SERVICES

**IT Project Management:** Our journey begins with meticulous strategic planning, defining project scope and objectives collaboratively. This sets the stage for a successful project lifecycle.

**System Auditing:** We conduct a comprehensive risk assessment to pinpoint vulnerabilities and security gaps in your infrastructure, laying the groundwork for a robust security strategy.

**Proactive Network Security:** We bolster your network with secure configurations and advanced systems, swiftly detecting and neutralizing threats for greater resilience.
